

COMPANY PROFILE

Introduction

Gasneft is a dynamic trading and brokerage company with a strong business presence in the petroleum sector, providing clients with a wide range of high-quality energy products.

Our growth and success are built upon 30 years of experience, deep expertise, and trusted partnerships with suppliers and customers across the globe.

Professionalism, flexibility, and a results-driven approach have been the key factors behind our rapid expansion.

Headquartered in Cyprus, with a branch in Greece, Gasneft specializes in facilitating trades of energy products, commodities and industrial minerals.

Driven by a progressive and innovative spirit, we leverage an extensive supplier network, advanced market intelligence, and in-depth industry knowledge to strengthen our position in the global energy market.

Key Strengths

Our expansion is supported by:

- Competitive pricing
- Highly skilled personnel
- Modern logistics infrastructure ensuring efficient distribution

Our partners guarantee full compliance with international environmental standards, while our experienced team and well-organized logistics network ensure operational excellence and customer satisfaction.

Philosophy

At Gasneft, our philosophy is founded on trust, innovation, and sustainability.

We prioritize ethical business practices, transparency, and efficiency, empowering our clients to navigate global trade with confidence.

By embracing market intelligence and emerging trends, we drive progress in the energy, commodities and minerals sectors, promoting responsible resource management and supporting the global energy transition.

Objective

Our primary goal is to understand and meet our clients' needs in the most efficient and effective manner.

This customer-centric approach has shaped our company's structure and strategy, enabling us to deliver tailored, value-driven solutions across multiple markets.

Mission

Gasneft focuses on high-quality energy products such as Diesel (EN590-10ppm), Jet Fuel (A1), LPG, and other refined petroleum products.

We ensure consistent quality, competitive pricing, and reliable delivery.

Through a robust network of trusted suppliers and shipping partners, we provide customized solutions to meet diverse client requirements across Europe, the Middle East, Asia, Africa, Australia and US coast.

Our active participation in international industry conferences and events strengthens our relationships and keeps us aligned with the latest trends and innovations.

Vision

Our vision is to become a global leader in energy and resources brokerage — driving innovation, sustainability, and economic growth.

We aim to be a trusted partner in facilitating the seamless flow of resources that power progress and shape the future.

Despite market volatility and geopolitical challenges, we continue to expand our partnerships in new production regions, solidifying our position as a preferred global energy partner.

Strategy

We remain committed to our long-term goals, ensuring that our strategic vision aligns with the latest global developments in the energy sector.

As markets evolve, Gasneft leads by providing reliable, competitive, and environmentally responsible fuels and commodities investing in the energy of tomorrow, today.

Compliance

Given the challenges of reliability in the global fuel market, we collaborate exclusively with verified and authorized partners. Our comprehensive due diligence process covers:

- Key representatives
- Partner reliability
- Political exposure
- Reputation
- Ability to deliver and collect

This rigorous approach allows us to manage risks effectively and avoid high-exposure relationships, while maintaining full compliance with global Anti-Money Laundering (AML) regulations.

We Never Stop Fueling
